

Erkrankung: HCM / HOCM / syndromale Formen

| Gen | Gen-Kategorie | Gen-Validität/Evidenz | Referenz | Labortechnik |
|------------|----------------------|------------------------------|-----------------|--------------------------------------|
| MYBPC3 | A-Gen, Hauptgen | Definitive | PMID: 30681346 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| MYH7 | A-Gen, Hauptgen | Definitive | PMID: 30681346 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| TNNI3 | B-Gen, Hauptgen | Definitive | PMID: 30681346 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| TNNT2 | B-Gen, Hauptgen | Definitive | PMID: 30681346 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| ACTC1 | C-Gen, Nebengen | Definitive | PMID: 30681346 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| ACTN2 | C-Gen, Nebengen | Strong | PMID: 27446933 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| CSRP3 | C-Gen, Nebengen | Strong | PMID: 27446933 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| FHL1 | C-Gen, Nebengen | Strong | PMID: 27446933 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| FHL2 | C-Gen, Nebengen | Moderate | intern | MGPS (Multi-Gen-Panel-Sequenzierung) |
| JPH2 | C-Gen, Nebengen | Moderate | PMID: 30681346 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| MYL2 | C-Gen, Nebengen | Definitive | PMID: 30681346 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| MYL3 | C-Gen, Nebengen | Definitive | PMID: 30681346 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| PLN | C-Gen, Nebengen | Definitive | PMID: 30681346 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| TNNC1 | C-Gen, Nebengen | Strong | PMID: 27446933 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| TPM1 | C-Gen, Nebengen | Definitive | PMID: 30681346 | MGPS (Multi-Gen-Panel-Sequenzierung) |

| | | | | |
|---------|-------|--|----------------|--------------------------------------|
| ABCC9 | S-Gen | Definitive (Cantu-Syndrom) | PMID: 30681346 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| BAG3 | S-Gen | Definitive (Myofibrilläre Myopathie) | PMID: 30681346 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| CACNA1C | S-Gen | Definitive (Timothy-Syndrom, LQTS) | PMID: 30681346 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| CAV3 | S-Gen | Definitive (Caveolinopathie) | PMID: 30681346 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| COX15 | S-Gen | Strong (Leigh-Syndrom) | PMID: 30681346 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| CRYAB | S-Gen | Definitive (Alpha-B-Kristallinopathie) | PMID: 30681346 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| DES | S-Gen | Definitive (Desminopathie) | PMID: 30681346 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| FXN | S-Gen | Definitive (Friedreich-Ataxie) | PMID: 30681346 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| GAA | S-Gen | Definitive (M. Pompe) | PMID: 30681346 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| GLA | S-Gen | Definitive (M. Fabry) | PMID: 30681346 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| LAMP2 | S-Gen | Definitive (M. Danon) | PMID: 30681346 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| LDB3 | S-Gen | Moderate (Myofibrilläre Myopathie) | PMID: 30681346 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| MYO6 | S-Gen | Definitive (+ Gehörlosigkeit) | PMID: 30681346 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| PRKAG2 | S-Gen | Definitive (Wolff-Parkinson-White-Syndrom) | PMID: 30681346 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| PTPN11 | S-Gen | Definitive (Noonan-Syndrom) | PMID: 30681346 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| RAF1 | S-Gen | Definitive (Noonan-Syndrom) | PMID: 30681346 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| SLC25A4 | S-Gen | Definitive (Mitochondriopathie) | PMID: 30681346 | MGPS (Multi-Gen-Panel-Sequenzierung) |
| TTR | S-Gen | Definitive (Transthyretin-/TTR-Amyloidose) | PMID: 30681346 | MGPS (Multi-Gen-Panel-Sequenzierung) |

| | | | | |
|-------|-----------------|--------------------------------------|----------------|-------------------------|
| FLNC | S-Gen | Definitive (Myofibrilläre Myopathie) | PMID: 30681346 | nur Sanger-Seq. |
| ALPK3 | C-Gen, Nebengen | Strong | PMID: 30681346 | derzeit nicht etabliert |
| RIT1 | S-Gen | Definitive (Noonan-Syndrom) | PMID: 30681346 | derzeit nicht etabliert |
| | | Mitochondriopathien | | derzeit nicht etabliert |
